Shanta-

I have one cpu left for the Governor's Initiative. The MS-CCI number is 6557. It was a broken cpu sent to me from Tishomingo County. It has been fixed and is ready to go.

Also, I have taken a new job with NWCC and will not be at Horn Lake High anymore. I have greatly enjoyed being a part of the computer initiative around the state, and hope that all goes well in the future. Thanks for a great year!

Paul

P. S. I am leaving this last computer with the Hernando ExplorNet teacher. His name is Russ Kicker, and his email is bomb20@hotmail.com. He can also repair any computers that need fixing. He and I were at 3 of the 4 blitzbuilds and worked together with our students to repair and build many computers for the initiative.
